17. INTERRELATIONSHIP OF BUILDING AND SURROUNDINGS:

(Indicate if building or structure is in an historic district)

The Pisciotta House stands on a small lot directly south of the widened Sunrise Highway (State Hwy. 27) in a residential neighborhood that consists primarily of small mid 20th century houses. New detached houses have been recently constructed in a subdivision directly east of this parcel.

18. OTHER NOTABLE FEATURES OF BUILDING AND SITE (including interior features if known):

The Pisciotta House is a small, 1½ story, high hip roof, stucco house with exposed areas of decorative brickwork that asymmetrically pattern the facades. The three bay, central entrance plan principle (west) facade is dominated by a large wide round arch window fronted by a balcony within an overscaled Baroque pediment dormer. The house is fronted by a concrete runner that extends the width of the facade.
