unknown BUILDER:

20. HISTORICAL AND ARCHITECTURAL IMPORTANCE:

This building is one of the remaining gable roofed wooden structures on Main Street. The gable side faces the street. The most distinguishing feature is the flaring of the shingles above the second story and above the gable windows. The structure was used as the W.S. Johnson Hotel up until about the 1930's. There was a bowling alley in the rear which has since been removed.
